As a Game Night supporter, you will expand access in Los Angeles for grieving children, teens, and adults who need comfort, understanding, and community through grief support.

## About OUR HOUSE

For 31 years, OUR HOUSE has created a safe and accessible space for thousands of children, teens, and adults who are grieving the death of someone close. When grief is unsupported, it can lead to physical, emotional, and social risks, including physical illness, depression, anxiety, substance abuse, and disengagement from school or work. OUR HOUSE provides free or low-cost grief support for everyone who needs kindness, support, and hope during one of the most stressful periods in their life.
